

Standard Contract

In an effort to simplify and clarify expectations, this is a straightforward contract to keep everyone safe, and help us focus on the work. If you have questions or concerns about any of the content in this contract, reach me at alex@alexprice.co.

1. I'll bill a retainer fee before I start working. As long as we're settled up, I'll be designing for you. I'll make it easy for you to send me money. ;-)
2. I'll listen to you, and your wants, and do my best to interpret them, and apply my expertise to get us towards a well-designed end-product.
3. Work product you use is yours, what you don't is mine. I'll post work I do for you online (I like to brag about my great clients). If you'd prefer I don't, or would like me to anonymize that work, *let me know*.
4. I can't give you ownership of things I don't own. This may include typefaces, open-source code, or things like that.
5. I'll do my best to be respectful and clear. Please do the same.
